**Beverly Hills Brownie Company**, (315 N Beverly Dr., Beverly Hills, CA 90210, [310.275.1295](#), [website](#)) is a fancy little shop filled with squares of delicious chocolate.

So fancy? Yep, grab your brownies under the big crystal chandelier in this shop that is decorated in mostly white. This way, you can focus on the brownies behind the counter. Each square of chocolate has a crisp crust all around the edges because they are all made individually.

As for flavors, they've got chocolate, Andes mint, red velvet, poppy seed, black out (semisweet, bittersweet and milk chocolate and chocolate frosting) and vanilla. The options change, but you won't be disappointed with what goodies you find here.
