Beverly Hills Brownie Company - Los Angeles

We stumbled upon the [Beverly Hills Brownie Company](#) in Los Angeles, their new flagship store.

They offer 14 different handmade brownie without preservatives such as Classic Walnut, Red Velvet, Chocolate Mint Chip, Caramel Blondie, Simply Classic, Cream Cheese Chocolate Chip, Pure Platinum (the one and only all vanilla brownie), Peanut Brittle, Poppy Seed, Mocha Latte), Platinum Almond, Gingerbread, Pumpkin Cream Cheese and Pumpkin Chocolate Chip. (creative much?....I think yes)

We thought these ribbon tied brownie gifts were very clever and a unique way of marketing their product.

their product.

Here is Charles tasting the Red Velvet and the Cream Cheese Chocolate Chip brownies at the store window counter.

The red-velvet brownie was terrific in every aspect. It was filled with a creamy vanilla center surrounded by an outer layer of rich tasty red velvet topped with swirling vanilla icing. It tasted just like the mini version of the cake. Both brownies had a soft and creamy texture that made it utterly delicious.
